SettlementOne Launches WebVantage e-marketing solution for Mortgage Brokers

- Introduction of WebVantage creates new marketing avenues for the mid-sized broker, increasing the strength of partner relationships. -

San Diego, Ca, February 23, 2007 – SettlementOne introduced a new internet marketing solution for mortgage brokers and lenders. WebVantage provides brokers with a professionally designed site, over 10 lead generation tools, free e-marketing and traffic driving techniques. A multi-dimensional solution specifically created to help brokers generate their own exclusive leads and market to their current and past clients.

WebVantage's innovative tools and creative merging of marketing and technology is a unique venture guaranteed to increase business and streamline marketing resources. Thus reinforcing the ideology that SettlementOne is the only one stop solution for mortgage brokers and lenders nationwide. By differentiating themselves from, not only other credit reporting agencies, but also other settlement service providers, SettlementOne has cemented their position as the creator and leader bundled solutions.

SettlementOne, a leader in providing credit reporting services for the mortgage industry, has been providing fast, easy to read credit reports for over a decade. With head quarters in San Diego and branches nationwide, SettlementOne is the total solution for brokers with products including credit, National Appraisal, flood certification, AVM, title and closing.

Pricing and Availability:

SettlementOne's WebVantage is available now through all SettlementOne Account Executives, speak with one directly to find out if you qualify for a discount.
